

Dear Parents and Grandparents,

All the animals pictured in this brochure, and many more of our most cherished species are in danger. Due to habitat destruction, loss of biodiversity has reached proportions that define this time as the greatest Extinction Event since the disappearance of the dinosaurs. But this one is not natural. Also, despite decades of conservation messaging, poaching is at an all-time high. Poaching is killing off our most treasured species. For example, on average: 3 Tigers per week, and 50 Elephants, 4 Orangutans, 3 Rhinos and 2 Giant Pandas, each day! We have lost 98% of many populations. 25% of *all* wildlife species are threatened with extinction within our lifetime! Today's children are the last generation that can save the many species of exotic animals that we all know and love... for time is running out. Saving species preserves the Web of Life on which we all depend. Kids can make a difference.

\$20
per year

When you join A-Team For Wildlife, it is like joining a Super Club! To start, you will receive by mail your membership card, a Welcome Letter signed by TARZAN, and a poster for your bedroom wall! The best parts come next. Only members are eligible to compete for our "Exciting Educational Wildlife

Experiences"! You and your family can win **free trips** to wildlife destinations. Only members can access the exclusive A-Team For Wildlife web portal. It's your Wild Life Website! With your password you can learn about our International A-Team - kids like you who have done amazing

"Animals Need More Friends!"

Will you join our club?

things for wildlife. You can watch videos and talk with other members about animals on our blogs. You can join a Local A-Team or start your own with your friends to learn about endangered animals, teach others about them, and raise funds to help save them. Local A-Teams go on field trips to wildlife adventures, too! Connect with kids in other countries to become Wildlife Skype Pals! And MORE!

Parents can sign you up in seconds on our website:

A-TEAMFORWILDLIFE.ORG

Your gateway to a world of incredible animals and amazing kids working hard to save them!

HELP ENDANGERED ANIMALS!

Many people do not know that so many of our favorite animals are nearly gone- in danger of extinction. In most cases it is because people are hunting them illegally - called, "poaching" - or destroying their homes - habitats - for many different reasons. This has to stop! We want to save these animals and are asking kids all over the world to join our team and help save endangered species. You can teach others about this problem, and ask grownups to donate to help the animals. Conservationists need more funding to meet the challenge. They need **your** help. Join us.

WIN WILDLIFE ADVENTURES!

Many "Exciting Educational Wildlife Experiences" are offered. Simply enter one of our fundraising competitions and you could win:

- A free trip to your local zoo.
- A behind-the-scenes tour of an exotic animal veterinary hospital.
- A weekend for you and your family at the world famous San Diego Zoo.
- A weekend at a wildlife preserve in an Old West American desert.
- A real African Safari.
- Make an anti-poaching TV commercial with TARZAN.
- Win a place on the International A-Team.

MAKE WILD FRIENDS

You can join a Local A-Team for wildlife adventures and make new friends, or start your own Local A-Team. Have fun talking with your own "Wildlife Skype Pal" in another country about animals and wildlife.
